

# Our menus feature the choices consumers are looking for across the plant-forward spectrum

VEGETARIAN

MEAT-ALTERNATIVE

PLANT-BASED

Very Veggie

Vegetarian meals where fruits, vegetables, whole grains, beans, seeds and pulses steal the show

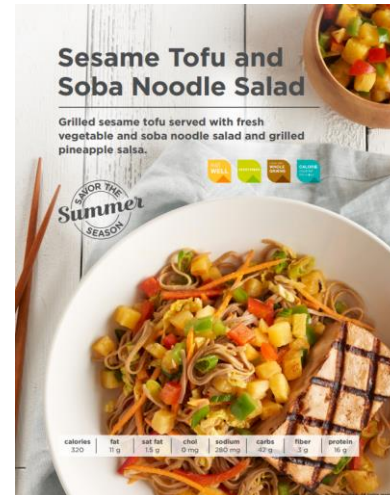

Fruit/Vegetable Meat Substitutes

Filling and high in healthy fats, avocados are growing in popularity as a meat substitute

Meatless Twists on Classics

Our meatless burgers feature a wide range of beef patty substitutes: Black bean Gardenburger® Falafel

Soy Bean-Based Proteins

Tofu offers a low calorie, high protein alternative to meat, poultry and seafood

Plant-Based Proteins

Falafel, made of ground chickpeas or fava beans, is high in fiber and protein

Vegan Menus

No animal products. Features innovative offerings from Gardein, Daiya, MorningStar Farms
